BUILDING A SEWER

City sewer commissioner J. W. Hadlock said this morning: "The sewer department has just completed a new sewer in East El Paso street in the alley between Rivera and T. P. streets in East El Paso, a distance of 340 feet from Cebada street east to Grama street at a cost of 47 cents a lineal foot.
"This is one of the new lateral sewers for the new sewer system. The cut averaged 10 feet and the ditches were dug two feet wide at the bottom and five feet wide at the top to prevent cave-in.
"The sewer pipe is the standard eight inch pipe and was not manufactured by the city. The total cost of \$41.80 is far below the original estimated cost as we had figured it would cost at least 75 cents a lineal foot."

INSPECTOR IS NAMED.

Owing to the great increase in building operations and the number of buildings which will be erected in the near future, it has been found necessary to appoint an assistant building inspector.
A. E. Bartlett was yesterday appointed to the position, his salary fixed at \$125 per month and this morning, after being regularly inducted into office, he commenced his duties.
His work will be the inspection of new buildings under construction where he will supervise the work and see that the building ordinance is complied with. S. B. Haggart, the inspector, will exercise a general supervision over the work.

NEW FOUR STORY BUILDING.

Work on the four story building at the corner of Mesa avenue and St. Louis street will commence shortly. Workmen are demolishing the small frame structures on the Mesa avenue side and will use part of the lumber in the construction of some buildings on the corner of Texas and Stanton streets.

AUTOMOBILE MEN FINED.

Joe Walcott was fined \$5 in the police court Tuesday evening on a charge of exceeding the automobile speed limit on San Francisco street yesterday afternoon. E. E. Weisman, charged with burning up the pavement in front of the plaza with his big touring car, was fined \$10.

WIFE HAS HUSBAND ARRESTED.

Timoteo Lagunas was arrested last night upon the complaint of his wife, who said that he had attempted to carve her in two. He is charged with assault and will be given a hearing in police court this afternoon.

FIREMAN ARRESTED.

F. Abernathy, a fireman at the Mesa station, was arrested yesterday by police man Ware and docketed on a charge of disturbing the peace and being a suspicious character. His bond was fixed at \$200.

R&G CORSETS

Better
than ever.

The New Spring Coats

Long, three quarter and seven-eighths—fitted styles—are the favorites in spring coats. These have Russian front fastenings and are finished with high collar. Come in serges and checked suitings, plain and fancy materials. The coats we are now showing are extra well finished, fine-fitting garments and just what you need for immediate wear. They are moderately priced.

It Is Time to Lay Aside the Fur Turban

The heavy beaver hat and fur turban are now being replaced by smart spring styles. No woman who really cares will wear a last season's hat when she can choose from the exquisite millinery we are now showing. The past few days in our Millinery Department proved this. Many new spring hats have been sold already and sales are increasing daily. Just now, we are featuring between season hats—styles that are just the thing for present wear. Prices range—\$5.00 and up.

Tailored

Shirtwaists \$1.00

In addition to the higher priced waists, we feature for the balance of the week high class tailored shirtwaists at a nominal price. These are made of white madras and striped waists—and are just right for early spring wear. Values are \$1.50 and \$2.00. An extra special, for the balance of the week, at **\$1.00**

Showing of 1910 Spring Suits

The spring season has begun with us in earnest. The number of sales this week of new suits is remarkable. Not so remarkable either, when you have seen the assortment we offer. Spring styles are unusually attractive, there being a model for every one. Each express adds to our collection, and if you are interested in a new suit you will not let another day go by without visiting the Ready-to-Wear Section. Prices on spring suits range \$18.50 to \$60.00.

Exhibition of 1910 Wash Goods

For the balance of the week, in connection with the advance displays of ready-to-wear and millinery, particular attention is directed to the display of 1910 wash goods. No previous season have we shown such a wealth of materials. The best manufacturers in America and Europe have been called upon to supply them. All that is new in patterns and fabrics is now shown, and a general invitation is extended everybody.
